

Providing extraordinary care

Jeanette is a single parent caregiver with two biological children. She previously did a guardianship with two children and currently has two foster children in her care.

As a foster parent, Jeanette provides a temporary, safe home for the children in her home. She ensures the children receive the needed support, treatment and care programs they need.

She does an excellent job of partnering with the children's social workers, attorney, teachers and doctors. She also does a wonderful job keeping the children active and meets the needs of all of the children in her home.
