

Tanisha

Wayne County

Dedicated to helping children and parents alike

Tanisha is being recognized as an exceptional foster parent because she is a true advocate for the foster child she has in her care.

Tanisha is a fairly new foster parent, but she truly supports reunification. She ensures that everything she does for her foster child is what will benefit him and make for an easy transition home.

Tanisha does not only provide a loving, caring and stable home, but she is also a mentor to future foster parents. She has participated in multiple PRIDE panels for prospective foster parents and has created her own curriculum to assist new foster parents. Tanisha is a dedicated foster parent that attends support groups, lends a listening ear and shares experiences and resources. Tanisha's worker states, "Tanisha is a foster parent that you want on your side! She is a blessing to have as a foster parent."
